Amokka®

Ethically sourced coffee, roasted for TopBrewer

The highest quality coffee, carefully roasted at our roastery in Copenhagen and delivered fresh to our customers. From organic coffees, to single origin and estate, to premium speciality blends, each **Amokka Coffee** is tailored to the **TopBrewer** experience.

Our coffee is responsibly sourced directly from carefully chosen partner farms worldwide. We work together to continually improve coffee quality, and we pay above market value to support farmers with specific projects to improve the lives of their communities. With Amokka Coffee you have total transparency of your coffee's journey; **scan the QR code on our coffee bag to see data on roast, batch and origin.**

100% Arabica. Medium roasted with flavours of roast and nuts.
Case Size: 8x1kg Code: 4401

The Coffee Compass

Find out which Amokka coffee matches your preferences, or use the compass to identify new tastes to try

The horizontal axis represents fruity flavours on the left, chocolate and nuts in the middle and malty, roasted flavours on the right.

The vertical axis represents the body and mouth-feel. Light, delicate flavours at the bottom to strong and robust at the top.

The diagonal axis represents the balance between sweet and bitter flavours, from fruity in the bottom left to pure cocoa in the top right.

Daily essentials

Enhance the coffee experience

Flavoured Syrups

Available in Caramel, Vanilla and Hazelnut, adding a shot of flavour will elevate any coffee or chocolate drink and add another variety to your drinks menu. Additional flavours are available to order on request.

Upgrade to dual milk for an extra
vegan milk option 🌱

SmartFridge

For single or dual milk

With the dual milk fridge, you can provide an alternative milk option to cater for dietary needs and the growing need for vegan options. Smart technology includes a built-in low-milk sensor so you never run out of milk, and an IR sensor that actively measures the temperature of the milk and adjusts the fridge accordingly.

Key features:

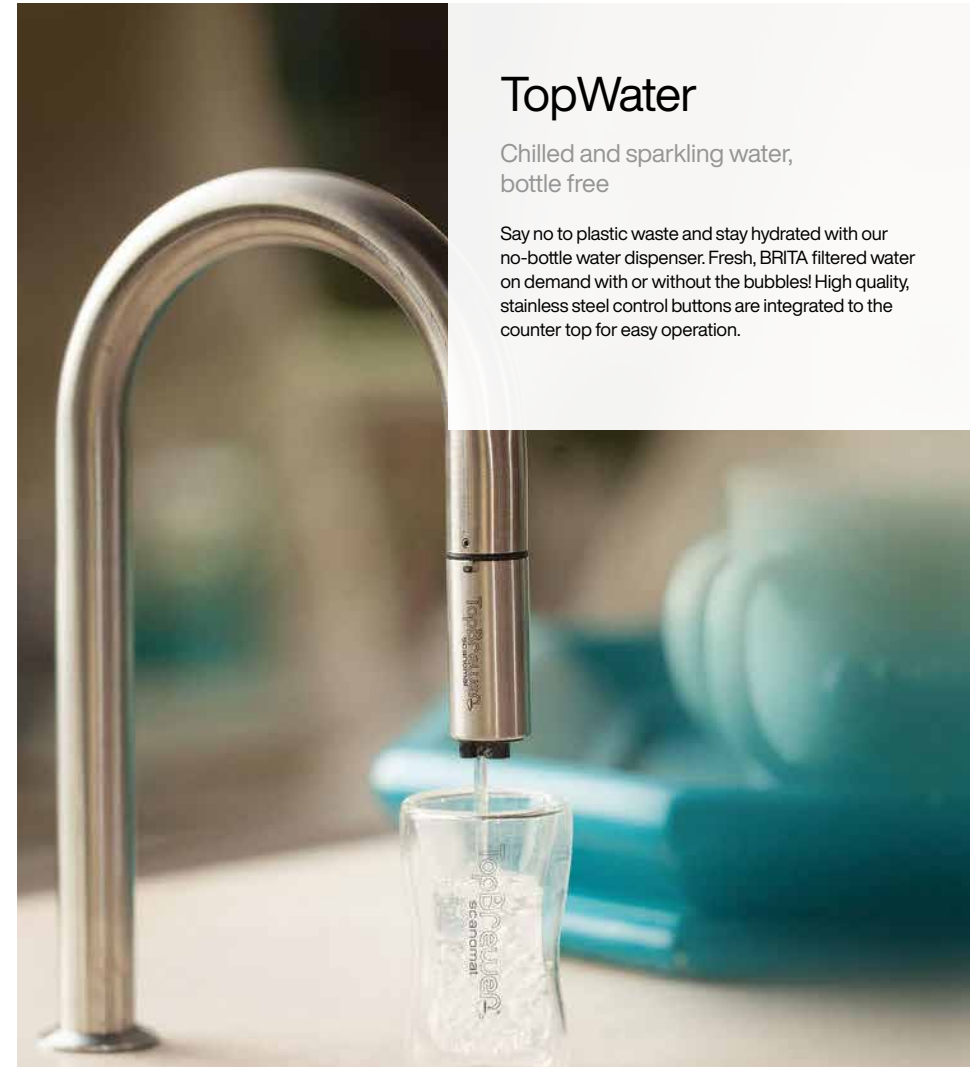

- 9 litre capacity (2 x 4.5L)
- Single or dual milk
- Milk temperature sensor
- Milk level sensor
- Reversible door
- Under the counter design
- Easy installation

TopWater

Chilled and sparkling water,
bottle free

Say no to plastic waste and stay hydrated with our no-bottle water dispenser. Fresh, BRITA filtered water on demand with or without the bubbles! High quality, stainless steel control buttons are integrated to the counter top for easy operation.

Key Features:

- 45 litres per hour
- Still & sparkling water
- Dispense by cup or carafe
- Bespoke swan neck and grill finishes

Filtered water without
single-use plastic.

TopJuicer

Healthy hydration on tap

Stay hydrated with our juice dispenser that's as good for the planet as it is for your taste buds. Our range of juices are made from natural extracts, with no artificial ingredients and are low in calories. Promote well-being with healthy, chilled drinks on demand, available either still or sparkling.

Key Features:

- 300 cups per hour
- Up to three flavours
- Still & sparkling juice/flavoured water
- Still & sparkling water
- Dispense by cup or carafe
- Bespoke swan neck and grill finishes
- Juices available in 4 x 5L pack size

Our cold drinks range

Low calories, great taste

Our premium quality juice drinks are made from natural extracts and have no artificial ingredients. Blueberry Lemonade and Blood Orange, Raspberry & Ginger have less than 1 calorie per 100ml drink.

Expand your menu with liquid chocolate

Silky, creamy, Belgian chocolate

Our luxury, liquid Belgian chocolate contains real cocoa, making indulgent hot chocolates as well as chocolate milk and mochas.

The bag in a box module sits neatly on top of the fridge with no extra space required.

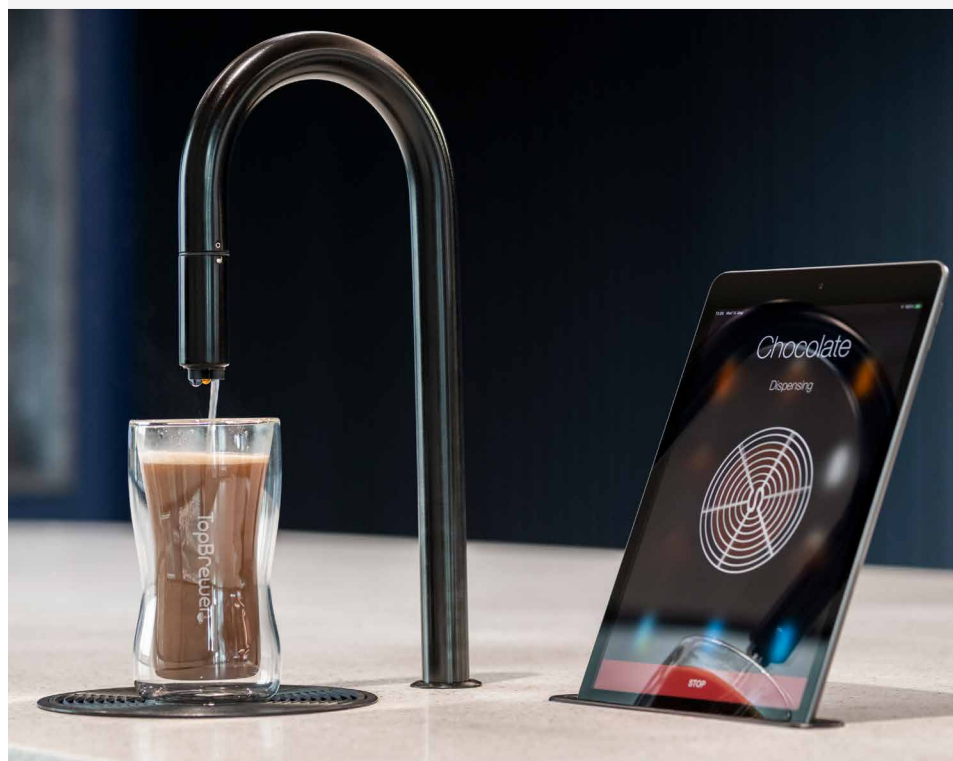

Key features:

- Contains real cocoa
- HVA free
- Available in 4 x 3L pack size

TopBrewer liquid chocolate module

Luxury Liquid Hot Chocolate	6 x 1.8ltr	4627

Make it personal

Bespoke options to suit your space

Match your machine to suit your style, office décor or company branding. The swan neck, drip tray and iPad holder can be personalised with your choice of colour; our standard range includes polished or brushed stainless steel, polished brass, bronze, gold or matt black. For a more tailored colour finish, we can match to a RAL number.

iPad holders can be upgraded to a deluxe, stainless steel model complete with locking device.

We can even emboss your logo on the swan neck for a unique, personalised finish.
